## IAM REACHES LOCAL AGREEMENT WITH CSX TRANSPORTATION

We are excited to announce that IAM has reached a tentative agreement with CSX Transportation. The tentative agreement spans five (5) years and includes a 17.5% General Wage Increase (18.77% compounded). It also enhances the vacation agreement entitlements, secures improvements in health and welfare benefits while maintaining the current 15% monthly contribution. The contract contains no concessions.

Our current contract with CSX and the other railroads in the National Carriers Conference Committee (NCCC) is amendable at the end of the year. If this TA is ratified, it will mark the first time our members will have a new agreement in place before the amendable date of the current agreement.

It provides the first meaningful improvements to the National Vacation agreement in over fifty (50) years.

More details about the agreement and ratification vote will come out soon.

If you have any questions about this TA with CSX, please send them via email to:
